## POVERTY SIMULATION

United Way of Northwest Arkansas and NWACC have paired with Arkansas Career Pathways to host a poverty simulation in our community. A poverty simulation is a moving experience. It teaches people to think about the harsh realities of poverty and to talk about how communities can address the problem. Most importantly, it moves people to make a difference.

The 3-hour, interactive program brings together community members to experience firsthand a typical month of living in poverty. Participants play the roles of family members struggling to meet basic needs without enough money.
