**EXPERIENCE SEEING THE WORLD THROUGH A  
DIFFERENT SET OF EYES...**

If you've heard the term "walk a mile in their shoes", this is your chance to do it. The Poverty Simulation moves people to think about the harsh realities of poverty and to talk about how to address these issues. This half day simulation allows participants to play the roles of family members struggling to meet basic needs without enough money. Learn how poverty can impact learning, work habits, and decision making.

million Americans fall
